THRU: Susan White, Mining Coordinator

THRU: Paul Baker, Reclamation Specialist

FROM: Beth Ericksen, Surety Coordinator

SUBJECT: Bluffdale Sand & Gravel, Inc, S/035/027, Salt Lake County, Utah

This permit received tentative approval in 2005, however has yet to receive final Division acceptance. The Operator, Bluffdale Sand & Gravel, Inc., submitted reclamation surety in the form of a corporate surety bond in the amount of \$17,000.00. This surety and reclamation contract have not received Division approval due to ongoing Operator issues with Bluffdale City.

Although the notice of intention is incomplete, the operator plans to commence operations and is obligated to submit a reclamation surety with the Division.

Therefore, it is requested that the surety and reclamation contract be signed by the Director to complete the surety requirements aspect of this process.

This SMO never received final approval because it was conditioned on receiving a LRAO for adjacent 63 ac. site which was never received.

We have received 90 day notice of bond cancellation. Daron is working on letter to tie this ^{bond} to a 63 acre unpermitted adjacent site of which these folks disturbed. This is part of the Bluffdale mess that is in court.
